

Clear-Glide™

Polyester Filament, Plastic Flange Bobbins

We also stock 'CLEAR-QUILT' Bobbins!

"The clear choice for drop-in bobbin cases!"

Clear-Glide is a high-tenacity polyester filament bobbin wound on a plastic flange spool. Designed for today's home sewing (drop-in) bobbin cases

- Fits most standard home drop-in machines (Style L).
- Works great with machine thread sensors.
- Plastic bobbin not affected by humidity or oil.
- No uneven tension caused by distorted paper sides.
- More stitches per bobbin, saves you time.
- 135 usable yards per bobbin.
- Available in a wide range of colors.

Now Available in 100 Spool Box
Now Available Class 15A style Bobbins

The sister product of their Magna-Glide bobbin. Clear-Glide is composed of a high-tenacity polyester filament bobbin wound on a plastic flanged spool. The bobbin is designed for home sewing (drop-in) machines. Clear-Glide uses the same high quality poly yarn as Magna-Glide and will provide the operator with more stitches per bobbin resulting in fewer bobbin changes. Each lint-free bobbin provides uniform tension, and the plastic sides will not bend. Clear-Glide is available in style-L bobbins in black and white as well as limited colors.

Clear-Glide™

"Ideal for embroidery or quilting"

To be 100% sure whether your machine takes Style L or 15/A bobbins, it may be a good idea to call your dealer.
