Embroidery is the talk of the sewing world and Sulky is here to show sewing enthusiasts how to successfully embroider with computerized designs, built-in stitches, free motion sewing and even by hand! Fun projects like the "Fiasco Purse" and the "Collectible, of Course" souvenir tote bag will amuse seminar attendees. There are even bowls and boxes made entirely of thread!

Quilted wall hangings, knockout fashions and whimsical bobbles receive just the right creative touch with Sulky Decorative Threads and Stabilizers. Seminar guests will be amazed at the jewelry they can make using Sulky Holoshimmer and Sliver Metallic Threads. Smocking, card making, and serger projects will show off the versatility you can find using Sulky Decorative Threads. Inspiration to reach beyond the ordinary will be featured in embroidery projects for the home, family, and friends. There is something for everyone.
