021 Hunter Green

Introduced initially as a wonderful bobbin thread, Soft Touch has quickly gained popularity, as a great piecing thread and it is wonderful when used in appliqué. It is also a great heirloom thread and can also be used in lace making and fine embroidery. The additional of 21 new shades colorized by Gail Kessler of Ladyfingers Studio, brings the total palette to 25 colors.

A new Modular Display unit is available and will showcase all 25 colors.
